With a total of 142 pints of blood donated, Santa Ana College forged into the lead in the contest between the seven Eastern Conference colleges. The Red Cross Bloodmobile visited the SAC campus last Wednesday, and had to turn down 13 students who were unable to give blood.

In the contest, which is going to be decided on a percentage basis depending upon day enrollment and faculty, the winning school will furnish the queen for the Eastern Conference Dance which will be held in Balboa at the Rendezvous Ballroom on April 18. Freddy Martin and his orchestra will be featured at the affair.

"The students and faculty really got behind this drive, and it's something that the college can really be proud of," stated Bob Merker, AS prexy, today.

## Executive Board Passes By-Law; Lettermen to Receive Jacket Awards

Two-year lettermen at Santa Ana College will receive jackets!

The Associated Students Executive Board in this week's meeting passed a new by-law to the A. S. Constitution. It provides for jackets for all two-year lettermen in the six major sports; football, basketball, tennis, track, baseball, and golf. Championship team members will not receive jackets, however, unless they are two-year letter winners.

Furthermore, each athlete may only receive one jacket.

The by-law is as follows:

A. Letters will be awarded by the Associated Students for football, basketball, tennis, track, baseball, and golf.

1. Requirements for presentation.

a. Recommendation of coach to the Executive Board.

b. The athlete must complete the semester in which he participates, in good standing and remain eligible in accordance with Conference rules.

c. The athlete must fulfill requirements for participation or playing time as established for the particular sport.

B. Jackets will be awarded in lieu of a second letter in the same sport provided there is a regular Conference schedule with two-thirds or more of the Conference schools participating.

1. No athlete may receive more than one jacket.

2. The athlete must complete the semester in good standing and remain eligible in accordance with Conference rules.

C. Championship team lettermen will be awarded suitable individual trophies or emblems.

## Men's Service Clubs on Campus Initiate Eleven

The Bachelors led the parade in taking in new members for the second semester over the other two major campus men's clubs.

While taking six pledges into the Bachelors for the spring term, the Caballeros admitted four men, and the Buccaneers only one.

Jack Dales, Lovell Krisher, LeRoy Ohmer, Peter Pendarvis, Delano Roberts, and Bill Witting boosted the Bachelors' roster. The club held its informal initiation in Peter's Canyon last Saturday.

Los Caballeros initiated Ernie Luzania, Bob Davis, Gary Ford, and Roland Truex. They held their first meeting with the new members last night. Making plans for the Gypsy Doodle was the first order of the evening.

Dick Keck was the lonely initiate in the Bucs. Keck suffered through Hell Day with better than a dozen Buccaneers to see he was a proper pledge.

## Why Must We Have Attendance Rules?

By BOB ELSNER

We received the following letter last week:

Dear Editor:

A recent issue of El Don announced the new rules for attendance set forth by a committee of students and faculty. I have talked with many students of the freshman class on these new rules. I believe the opinion expressed by most was that we are not attending a grammar school but a college. It is up to each student to attend or miss a class, not the faculty.

Richard Woolfe,  
Vice-president,  
Freshman Class

Dear Mr. Woolfe:

You are absolutely correct—we are attending a college and not a high school, and you are doing a fine job in presenting the opinions of members of the Freshman class. Although this is a college, an important fact to remember is that it is supported by the taxpayers, and is not a private institution.

In this public-type of school which charges no tuition of any kind, the state pays the college a certain amount of money for each student enrolled.

Each time a student cuts a class in which he is enrolled, the college loses money. And for this reason, among others, the college can't afford to let dead-beats go around and never show up for class. If this were a private institution, and each student was paying between \$15-\$20 per unit, it would be a little easier to let those who had no desire to come to class regularly do as they pleased, since they have paid their tuition.

When a student reaches college level, he should have a desire to learn, or else quit college and go out into the world. Records prove that students with poor attendance seldom do well in their studies.

## Hills, Canyon Near Irvine Park Surveyed By College Engineers

By BILL SHANDS

Rugged hills, canyons and valleys in an 80 acre tract near Irvine Park are currently being surveyed and mapped by the engineering 1B class under the instruction of Harold Moomaw as the practical side of their regular class work.

Each Tuesday afternoon surveying students Bud Bacon, Rich Neill, Bob Gaylord, Henry Cogee, Howard Pratt, Jerry Hawkins and Robert Arriola drive to the hills surrounding the Irvine Park area and take readings with transits and stadia rod. They return to the SAC campus and draw their contour maps during the regular class meetings.

## Taught Since 1936

Mr. Moomaw, who has taught surveying since coming to SAC in 1936, wants students to have a background of experience mapping and surveying terrain like that which they will survey when they get jobs after graduation.

Surveying the regular flat grounds of a campus, which is done at many colleges, does not give the student experience that the college graduate needs.

Small classes, there are eight students this year, make close contact between instructor and student possible and increases possibilities for more individual instruction.

Use of the various intricate and complicated surveying equipment makes individual student instruction possible on the weekly surveying jaunts.

## Nine Days Tells Dramatic Story

By BOB HICKS

THE NINE DAYS of Father Serra was picked from the Authors Corner of the campus library by Isabell Ziegler, who wrote Nine Days, live and writes in Laguna and was a visitor at the recent Writers Festival held at Santa Ana College.

Her book tells of nine days in the life of a priest, intense and dramatic days, not only in Father Junipero Serra's life, but in the lives of the Spanish soldiers, the colonists, and the San Diego Indians.

Isabell Ziegler has woven a tale of a man who walked with a crippled leg but stood with dignity and has told her story with dignity as well. Often dramatic, always interesting, Nine Days tells of a chain of events that shape the destiny of early California.

In the author's note the writer says "sometimes a moment comes to a man of consequence which he can face with his life and say 'This matters, this makes sense, a reason for existence.'" Isabell Ziegler seems to prove Father Serra looked at such a moment.

area is the regular second semester project of the group. During the first semester the class surveyed and staked out a highway across the hills and valleys of the Irvine Park area.

## If You Take Pride in SAC

New rules for the use of the SAC student union have just been posted for student reference. During the past five weeks since student elections a committee led by Russ Patterson, Freshman class president has been working to revise the old rules, which had become outdated.

The student union is a favorite subject for editorial comment with the El Don. Last semester our editorials on the union had only a passing effect. We hope that with the public posting of the rules maybe what we have to add will do some good.

The Union has of late come to be used by only a small part of the student body. Few women students use the union. Men students have caused a destruction of furniture which runs into the hundreds of dollars each year to fix. The use of food in the union has caused it to resemble just one big pile of refuse at the end of each day.

The new rules for the Union are meant to correct the situation. Students should consider that the executive board committee spent a lot of time revising the rules. They were revised in the interest of the entire student body, not just a few privileged students. The El Don hopes that all students will realize this and have enough pride in SAC to obey the rules as posted.

## SAC Dean Tells Draft Policy

Information concerning draft deferment was disclosed this week by John Johnson, Dean of Men. It was stressed that in order to receive draft deferment students must be carrying a total of fifteen transferable units.

Those students who qualify for the draft exemption must request the college to send his student status record to the local Selective Service board.

Present deferments expire with the close of the school year and future deferments are based entirely on the student's academic standing. In the freshman year, students must be ranked in the top two-thirds of his class and the sophomore year the student must be in the top half scholastically.

Any student who is not sure his draft standing is urged to see Mr. Johnson in the office of the Dean of Men immediately, for member even though you don't drink others may.

## Gardner Book Tells Story Of Unjust Trials

Many new books covering various fields have been added to the library this semester. Among them is "The Court of Last Resort" by Erle Stanley Gardner. This book offers behind-the-scenes glimpses of governors, judges, district attorneys and wardens.

Gardner appeals for more scientific police investigation, better prison conditions and honesty in applying the fundamental principle of justice—that a man is innocent until he is proved guilty. The Court of Last Resort was founded by the author to review the cases of convicted criminals who he was convinced were paying unjustly for crimes they did not commit.

## New Lawn Areas Planted on Campus

Plans for cultivating new lawn areas on the Santa Ana College campus are now in progress, announced Mr. Burrell H. Wilson, grounds engineer of the college.

He emphasized that in some areas, planting will not be required, since dormant roots of Bermuda grass are already in the ground. Sprinklers will be installed, however.

The area adjacent to Studio "A" is being cleared of orange trees and leveled, with plans being made to plant lawns in that section. Wilson is experimenting with 36 different test plots of grass to see which type is best for use on the SAC campus.

# Executive Board Adopts New Rules For Student Union

## Altrusa Club Sponsors Essay Contest; Student Leaders Prepare for Southern Regional Junior College Conference

Russell Patterson, chairman of the Student Union Rules Committee, announced the adoption of a revised set of rules governing use of the Student Union, by the Associated Students Executive Board. The rules are as follows:

Student groups will have priority on the use of the Student Union.

Two groups may use the Student Union at the same time; one group using the lounge, the other the Snack Bar.

Absolutely no food or drink will be permitted in the lounge (except in case of a formal tea or scheduled banquet), but eating will be permitted in the patio and snack bar.

The lounge may be used as a gathering place prior to a dinner meeting in the cafeteria, but the use of the lounge is not considered a part of the rental of the cafeteria unless specifically requested and upon the payment of a small fee to cover additional janitorial work.

The accordion doors should be closed when dinner begins and guests should be asked to leave by the cafeteria doors, not through the lounge.

Ping-pong will not be played in the Student Union. It may be played in the patio.

The Student Union will close at 3 p. m. daily.

With a prize of \$100 for the winner, the Altrusa International Service Club is sponsoring an essay contest this year. Women attending Santa Ana and Orange Coast colleges are eligible to enter, and contestants must present a paper of 1000 to 1500 words on the subject, "My Choice of Career."

The contest was started in 1949 by the service club for executive and professional women, and past SAC winners have been Carol Baker, who won last year; Edith Becklund, and Peggy Ann Tozier.

The winning contestant is presented a trophy plus \$100 if she continues her education the following fall term.

**Contest Rules Summarized**  
Any freshman or sophomore woman student of Santa Ana or Orange Coast College under 21 years of age, carrying 10½ units or more, is eligible to enter.

Essays, which should be from 1000 to 1500 words in length, must

be handed in to the judges, on or before April 20, 1955. They should be clearly typed and double-spaced.

### Basics of Judging Told

Essays will be judged on the following points: maturity of the writer, motivation evident in the woman's purpose, knowledge in the field chosen, writer's evaluation of herself, clear objective thinking in the choice of career, and correctness of composition. All essays become the property of the Altrusa Club of Santa Ana.

Interested women are urged to see Miss Agness Todd Miller, Dean of Women, for further details.

Preparing for the Southern Regional student government meeting which will be held March 10, at Glendale, nine SAC student leaders attended the bi-annual Eastern Conference Student Government meeting held in Chaffey last week.

SAC students who attended the meeting were Bob Merker, Bob Youel, Nancy Robison, Eleanor Pettis, Donna Wacker, Russ Patterson, Bill Shands, Mary Lewis and Bob Elsner.

## Drama Fraternity Initiates Pledges

Initiation of ten members into the Santa Ana College chapter of Delta Psi Omega, national drama honorary fraternity, was held last Monday night in Studio "A."

Known as Cast 130, the group is composed of students who have been active in drama at SAC.

Drama instructor C. L. Ford served as pledge master for the initiates, who were Joyce Catherine, Carl Gustafson, Martha Havermale, John Dowden, Eleanor Pettis, Carol Baker, Bud Snow, Bob Merker, and Bill Shands.

The group is undergoing a reorganization this year, after having been dormant for several years. Last year a similar reorganization of the fraternity proved unsuccessful.

Delegates attended two workshop sessions and then had a chance to brush up on their parliamentary procedure at the general assembly held that night.

Workshop topics included, publications, AMS, AWS, Campus clubs and organizations, student government, assemblies and rallies, Eastern Conference dance, social activities, athletics, and finances and insurance.

Motions passed at the night general assembly recommended that budgeted allowances be made at each E.C. college for next year's E.C. dance if this year's is a success. A motion calling for a recommendation of the motion passed at the last state student meeting legalizing fraternities and sororities was defeated.

# Harbor Thinclads Edged By SAC

Needing a first in the mile relay to spell the difference between victory or defeat, SAC's thinclads did just that to shade Harbor JC 57 1/6 to 55 5/6 in a recent duel meet on the college oval.

Santa Ana copped first place in eight events, but the Dons showed next to nothing in the broad jump, high jump, and possibly the pole vault. Buddy Igou managed only a tie for third at 11 ft. 6 in. but vaulted 12 ft. after the event was over. The Generals outscored SAC 26 to 1 in the three contests.

Kert Kohnhorst looked good in winning both the 100 and 220-yard dashes in 10.3 and 22.9 seconds. Defending conference champion Duane Gustafson heaved the discus 135 ft. 1 in., probably the day's outstanding performance. Gustafson became a double winner by pushing the shot 42 ft. 8 in.

Other winners for Santa Ana were Bruce Horner who ran the 800 in 2:08.9; Ed Denbow with an easy 4:45.3 triumph in the mile; and Jack Wilcox, 15.8 in the 120-yard low hurdles.

In the first two legs of the mile relay Harbor held a slight advantage, but Larry Kirchman gave anchor-man Wilcox the baton with yards to spare after a fast third lap. Wilcox breezed in to insure the meet victory.

## WAA News

By DONNA WENTZEL

Santa Ana's WAA tennis team traveled to Orange Coast last week and came home with one match tucked under their belts 4-2. Scores for the singles matches are as follows: Wilson (SAC) defeated Herman (OCC); Spellman (OCC) defeated Williams (SAC) and Valles (SAC) defeated Geblich (OCC). Doubles matches were played as follows: Bayer and Peterson (OCC) defeated Kathman and Oberlin (SAC); Hamaker and Cole (SAC) defeated Talstra and Edwards (OCC); and Masters and Moore won the third doubles match by default.

SAC's Donas hosted Orange Coast in volleyball recently and won the first game 37-33 but lost the second game 43-30. Donna Wacker won high point score for the first game with 12 and Nancy Stevens hit for 8 in the second contest.

## Dons Named To Citrus JC Tournament

Santa Ana College has been named as one of twenty-four junior colleges to receive an invitation to the annual Citrus Junior College Baseball Tournament, Ed "Buzz" Smyth, head of the Citrus athletic department and tournament director, announced today.

The tourney, sponsored by Citrus Junior College and the Azusa Civitan Club, will be staged at Azusa and Glendora on March 26, 27, and 28. Fans and major league scouts will have a chance to see the top junior college players from all over Southern California in action during the three-day competition.

Games will be played simultaneously on eight different fields.

Players and teams will compete for a series of trophies and awards, one of the most coveted being the Chicago Cubs championship trophy. Proceeds of the affair will go to youth and welfare organizations.

## Marines Top Dons 25-0; SAC Takes On Chaffey Today

In a one-way battle Camp Pendleton's Marines edged out Santa Ana College 25-0 in a practice baseball game at Memorial Park Tuesday.

Tommy LaSpada and Humberto Valdiva led the Don hitting attack with a bingle apiece.

SAC's baseballers will make a bid for their second straight E. C. championship today when they meet Chaffey at Ontario.

The Dons have won one game and lost two, whipping Long Beach CC 7-3 and falling before Muir JC 7-5 and, of course, Camp Pendleton.

The starting line-up probably will open with Joe Voso on the mound, Gary Ford behind the plate, Harvey Bryan at first, Chuck Burke at second, Marshall Van der Linde at short stop, and Bob Baker at third. Patrolling the outfield will be Bob Switzer, John Rock, and Tom LaSpada.

### SAC Edged by Muir Nine, 7 to 5

John Muir JC handed Santa Ana's Don their first loss of the season February 25, 7 to 5, in a loosely played baseball game at Santa Anita park in Arcadia.

Muir led all the way behind the four-hit twirling of Paul Walski. Walski yielded eight bases on balls and weakened in the late stages of the contest after a commanding 6-2 margin. He struck out nine.

SAC made the most of four stolen bases, four hits, and Walski's wildness to stay in the ball game. Joe Voso gave up only five hits and five walks but received sloppy support as did the Mustang pitcher. The Dons committed three errors, Muir six.

Bob Van Dremlin of Orange Coast turned in another outstanding performance by tossing the sixteen-pound shot 46 ft. 11 in.

## Dons Nip Chaffey 100-101; First Win

By JOHN DOWDEN

Faint hearts don't make good basketball fans.

At least that was the consensus of opinion last February 23 as Coach Earl Engman's cage five ended the 1953 conference season with an overtime victory against the Chaffey Panthers.

The lead changed more times than a sportswriter could count and when the buzzer sounded to end the game, Santa Ana had its first conference victory in 12 starts.

In every way a team victory players and fans alike were reluctant to single out one particular player as the star in the heart-in-mouth contest.
